ePORTUGUÊSe Bulletin

May 4 - 12, 2006

Number 1 - year 1

WELCOME!

To the first edition of ePORTUGUÊSe's bulletin. Our aim is to keep you involved and updated on ePORTUGUÊSe's most recent activities and accomplishments. We welcome inputs from our Focal Points and any country activities related to the ePORTUGUÊSe. We will keep this bulletin short and sweet; so it easily fits into your demanding life schedules.

We hope that this bulletin, which will be mailed every Friday, will keep your attention and interest.

We welcome any suggestions and contributions.

The ePORTUGUÊSe Staff

INTERN FOR THE ePORTUGUÊSe

Last week, the ePORTUGUÊSe has welcome Lora Du Moulin, an undergraduate student from the NYU who has just finished her studies in History and Latin American Studies. Lora can speak Portuguese and Spanish and will be working in the ePORTUGUÊSe for a period of six months.

WEBSITE ENHANCEMENTS

Recently added to the ePORTUGUÊSe website is a new link in each country subdivisions opened to the WHO country offices who can now be able to forward to the ePORTUGUÊSe any supplementary information which they wish to be posted under their countries' link. We encourage all news!

Until now, updates and maintenance of the websites were made by the WHO web-team, but due to the increasing demand, project managers will be trained and will be responsible for their own pages.

WORLD HEALTH ASSEMBLY

ePORTUGUÊSe is preparing for the WHA May 22-27. We are planning a meeting with representatives from all the Portuguese speaking countries and Dr. Luis Sambo, RD AFRO and Dr. Mirta Roses Periago, RD AMRO. Our objective is to discuss the ePORTUGUÊSe's accomplishments, challenges, strategies and goals..
